**Motion #2:** Jennifer Noble, Mississippi, recommended to the Board of Directors that a by-laws change be made to the length of time that the Board Officers serve in their respective position (President, Treasurer, Chairman, etc) be extended from one year per term to two years per term with a maximum of two consecutive terms (for a possible total of 4 consecutive years).

Motion Second: Bonnie Fazio-Richards, Florida

Explanation: The officers currently serve one year per term in their respective position.

This barely gives the Officer time to get comfortable and familiar with their duties.

Extending this term to two years would give the officers more time to effectively serve our organization.

Motion: Carried
